

Cottonwood Falls.

We learn that extensive arrangements are being perfected to construct buildings and other improvements in Cottonwood Falls this season. Messrs. WILLET & GORDY of this place have commenced operations toward improving the water power there, which is said to be the best and in fact the only water power in Kansas. They intend erecting saw and grist mills there during the coming summer. Major ALEXANDER and others of that neighborhood are about erecting a stone hotel. The Cottonwood Falls Association is composed of an enterprising class of fellows, who will make everything 'get,' that they take hold of. Several people of this vicinity are about removing there, among whom are Messrs. GORDY and FINLEY, with their families, Capt. WILLET, E. K. RAYMOND, RUSSELL RANDALL, E. H. BAYSINGER, and Wm. and SYLVESTER HARRIS. Our best wishes attend them.

AN UNEXPECTED ASSAULT.—A Washington correspondent of the New Orleans Crescent relates the following: "Some of the fancy gentlemen and ladies at the G. via. ball improved the occasion to twist old Buck about his political measures. One lady, who was dressed in Quaker costume, and played her part with beautiful demureness, went up to the old fellow, and said very gravely: 'Friend James, this is doing a bad business in Kansas; there is countenancing fraud and slave drivers. But this is not hardened in iniquity, and at the next meeting of the Friends I will ask that they pray for thee, yes, if the spirit moveth me, I will, myself, lift up my voice to the Throne of Grace that thee mayest be turned from the error of thy ways and make amends for the sins thee has committed.' My informant states that Old Buck was so completely dumfounded by this unexpected Black Republican female assault that he was unable to utter a word in reply."

The Oligarchy Rejoicing.

The Richmond South describes the beauties of the English Kansas bill as follows: "It achieves a Congressional recognition of the Leecompton Constitution. It affirms the principles for which the South has contended throughout the struggle. It admits Kansas into the Union as a Slave State, and thus consolidates the victory of 1851. In practice as well as principle, it is now established that no federal prohibition will avail to restrict the expansion of Pro-Slavery power."

We claim that the swindle does not admit Kansas into the Union as a State, though attempting it in a mean and dishonorable manner. Of course we shall vote it down by the largest vote ever cast. Rather would we remain out of the Union forever than accept such a base proposition. We are willing to allow Roger A. Pryor to grin over such a gain. We see in it the enfolding of glorious triumphs for Freedom in the future. Another such victory and the cohorts are damned forever. Already they are disorganized and flying in disorder.

The Macomb (Ill.) Enterprise of the 23rd says: "Notwithstanding the present low prices of wheat and the poor prospect of better prices, we are gratified to learn that our farmers are putting in an unusual large area of spring wheat. Although it would seem that the extraordinary low prices at which much of last year's crop was sold, would discourage them, still there are necessities which compel them to sow larger the present season. Many have payments of divers kinds to make, which brings them to the conclusion that if their products bring only two-thirds of their usual value, it becomes necessary to add one-third to the expense of cultivation. This we think is a wise and judicious course, and one which will undoubtedly, in a few years add thousands yearly to the real value of the western states."

Useful if Properly Applied.

"Hon. John Minor Botts has been in Washington for several days. He brought from Europe a handsome present for Mr. Buchanan—a pair of razors, with the President's name engraved on them."

We think the present very appropriate and useful, if the old fellow would only use the instruments for a good purpose; that is, cut his own throat with one of them.

THE REAL NAVY.—The British government had in commission April 1st, 1858, 278 ships, mounting 4708 guns, with 44,804 men, exclusive of the marines at home and marines serving on shore in China. \$1,195,000 has been expended on the purchases and repairs of steam machinery in three years. In North America, April 1st, there were stationed 22 ships, 290 guns, and 3211 men.

MR. JOHN BALDWIN, of Baldwin City, has just returned from the East, where he has been making purchases of saw, grist and lath mills, with the intention of erecting them in Baldwin City during the coming summer. We shall expect that town to do wonders by way of improving this season.

Judge E. Loring, the discarded Massachusetts Judge of Probate, has been appointed to supply the vacancy in the Court of claims occasioned by the death of Judge Gilchrist. The Senate confirmed the appointment.

Demijohns are known by the more refined term of "spirit wrappers."

SEE HERE!
LADIES and Gentlemen, Women and Men, Squaws and "Injuns," Babies and Papposes—everybody—rich, poor, high low, smart, dumb, white, black, handsome and ugly, who have traded at my store, I have a few words to say to you. Ever since I established my Store in the "city," I have hesitatingly sold you goods on credit, irrespectively. You have run on too severely—have imposed upon my good will so long that it is getting to be unendurable—will soon "burst up flat," if you don't quit. Just look at it! I have to pay the solid cash to be doing this continually, while at the same time I have to trust you for your purchases of me! Within the last three months I have trusted you to the amount of over fifteen hundred dollars! Were you aware of this fact? Don't it scare you? Well, it ought to—at least it should cause you to experience emotions of shame. Now, all you spongers, I want you to understand that I am going to revolutionize this state of things. In the first place, I want you to "pony up." In the second place, I don't trust you any more—no use talking—you have got to pay me right down for what you purchase of me in the future—no respect to persons. I intend to put my goods down as low as any other store in the Territory, and will give you just as good qualities of goods. So, now, call round, pay me up, make some new purchases. You will rest easier at night, will be at peace with conscience and your Maker, and will be the means of making me a better natured and a handsomer man! "Cheer up, ye lively lads!" &c.

"Now is the accepted time!"

GET A FORTUNE WHILE YOU CAN!

50 CHOICE LOTS IN PRAIRIE CITY will be offered for sale at Public Auction on Saturday, May 29, at 10 A. M. The lots comprise some of the best and also some of the poorest ones in the town; hence every stage of the price can be accommodated. The persons owning this property are "hard up" for money, and they are bound to raise some "dingbats" by means of disposing of their property, even should it be sacrificed for almost nothing. This is the rarest opportunity to purchase live real estate that has ever presented itself in this Territory. It is useless to attempt to enumerate the advantages and prospects of Prairie City. Her location, position, condition and unparalleled opportunities to obtain credit, are too well known. An attendance at the sale with a few dimes in your pocket will secure you a good lot. The terms of sale are easy and liberal—one third down; balance in one and two months. Don't forget the time—SATURDAY, May 29, at 10 A. M.

A Great Book For Agents!

PUBLISHED this day, Feb. 9th, 1858, "Fifty years in Chains" or the life of an American Slave. Written by himself, 430 Pages, Cloth, Gilt Back. Price \$1.00. This is the title of one of the most intensely interesting biographies of the day. It is the plan history of an American slave in the far South, who after two or three escapes and recaptures, finally, an old man, found freedom and rest in one of the Northern States.

What the Press Says.
The story is told with great simplicity, but with much power and pathos. Whoever takes it will find it difficult to lay it down until it is finished.—National Era, Washington, D.C.

An narrative of real experience like the above, will have far more effect against slavery than the ingeniously wrought novel, however true to life its pictures may be.—Am. Baptist.

Here is a book of facts, stranger than fiction, and a thousand-fold more thrilling; a simple tale of life-long oppression, revealing truly the workings of the "peculiar institution," in our country. To the story-reading we would say, here is a story worth reading.—Mission Herald.

ATHOROUGH CANVASSER IS WANTED. In each county in the free States, to engage in the sale of the above work immediately. Such can easily clear from \$50 to \$100 per month!

The work is beautifully printed and bound, and is as large as the books that sell for one \$1.25; but as we mean to sell at least one hundred thousand copies, through agents, we have made the retail price only one dollar.

A sample copy of the book will be sent by mail, postage paid on receipt of the price and our private circular to agents, with terms etc. Address
